Activities, Output & Outcome

Objective	Activity	Output	Outcome
To improve the quality of education among children	Orientation program for parents	Conducted parents meeting in all 10 Villages and oriented the parents on the importance of education and their role and responsibility.	All the parents became aware of their role in the education of their children and the importance of it too.
	Enrolment and school visit	Community Worker met the government teaching staff in each school regarding the regularity of the students and also to identify the dropout children in the school in order to trace them out and bring them back to school.	95% of the children are attending the school regularly and 18 dropout children from different villages were motivated to attend school.
	Parents committee meetings	- Parent's committees were formed in every village and monthly meetings were organized regularly in order to motivate the committee members to play their role in monitoring the school activities, teacher's regularity and midday meal, and the regularity of students attendance in the school and in the evening study center. - They were also motivated to contribute to improve the infrastructural facility in the tuition center.	- Teacher's attendance in the school improved - Quality of midday meal improved - Infrastructural facilities in the evening study centers improved. - Parents provided tarpaulin sheets, chairs and table and electric bulbs and other items - Local leaders provided water, electricity, black board, carpets, etc.
	Evening supervised study	- studied and addressed the problems of the unattended children - Made the centers child friendly and children involved - Academic progress was monitored.	82% of the children improved in academics and in extra-curricular activities

		• Personal and Individual attention to home work of children were followed-up. • Slip-tests were conducted. • Extracurricular activities like essay writing, drawing public speaking, etc., were conducted. • Periodical follow-up with school authority was followed up.	
	Supportive Assistance	457 children enrolled in the evening study received supportive assistance like school bags, books, slates, note books, planks,, geometry boxes, etc	• Having all academic requirements the children were highly motivated to study and able to achieve good results. • Uniformity among the children maintained and it resulted in unity among them. • The self-dignity of the Children improved when they walked to school with their school bags on their shoulders.
To enhance social responsibility among children	Service camps	• Gathered plastic waste in their streets and dumped in the dust bin, four villages planted 600 saplings	• They learned to protect the environment and the village surroundings and their responsibility towards it.
	Children parliament activities	• Children Parliaments were formed in all the 10 villages and children assumed responsibility to take care of the study center and the villages as well. • Trainings were conducted to children to improve the leadership skills and they got a clear idea	• Children learnt social responsibility • Identified problems like child labor, child marriage and dropouts and solved. • The infrastructure needs in the schools identified and addressed in the sessions

		about environment and pollution and started discussing about problems in village in the village parliament	and brought forth to notice of school and village authorities. • Plastic free villages were formed.
To improve the Health of the children	Health Awareness camps Health Camp promoting hand wash hygiene, de-worming	• Learnt clearly about hygiene and importance of hand wash and bathing of 2 times in a day, to use washed clothes and eating nutritious food	• There is improved personal cleanliness and common cleanliness • Children began to wash hands. From February sanitizers were made available in the school for children to wash hands after every period due to COVID-19
To improve the knowledge and competency of the volunteers/CW	Community Worker's Training	• 9 Capacity building sessions were conducted for CWs and Volunteers on Right to Education and child rights. • 10CWs and 2 volunteers improved their knowledge and competency in teaching skills and public relations. • CWs and volunteers improved skills in documentation and reporting.	• CWS & Volunteers equipped with knowledge of children's education and rights and with reporting skills.
